

Madhav Institute of Technology and Science, Gwalior

**“Introduction to Programming and Problem
Solving with Python”**

Organized by

MITS CODEWAR CLUB, CSE & IT DEPARTMENT

The MITS Codewar Club with the Dept. of CSE & IT (MITS Gwalior) was organized a 3-week course on "Introduction to Programming and Problem Solving with Python". The course is being held under the Infosys Campus Connect Programme. Here, the Codewar Club Members (third-year students) under the guidance of faculty coordinator hold one-hour classes for learners on a regular basis. Doubt clearance sessions of longer durations are also held. The course is based on the principle of "peer-to-peer learning", as here it is the students who mentor other students. The course has 35 participants, who are guided by 7-8 seniors. The Club has also launched a website and a discussion forum is available for online doubt clarifications.

One day training course on programming in C/C++ and website development(Code Geeks)

- Date 6/10/2018 under Codewar club
- Participants: 50
