VISION

“To create World class quality Engineers and Technocrats capable of providing leadership in all spheres of life and society”

MISSION

- ✓ To provide quality education in Technical and allied disciplines
- ✓ To organize and arrange innovative courses in Engineering and Technology
- ✓ To arrange vocational courses in the upcoming fields and innovative subjects to meet global advancement
- ✓ To promote research in the fields of Technology and Science

ABOUT US

Madhav Institute of Technology & Science (MITS), Gwalior was established in 1957 by His Highness Sir Jiwaji Rao Scindia, Maharaja, of the erstwhile state of Gwalior under open door policy of Govt. of India. The foundation stone of the institute was laid by the then President **Dr. Rajendra Prasad**, on 20th October, 1956 and the building was inaugurated by President **Dr. S. Radhakrishnan** on 11th December, 1964. The institute celebrated Golden Jubilee on 30th June, 2008 and the Celebrations was graced by the president of India, **Dr. Pratibha Devi Singh Patil** as Chief Guest. A postal stamp on MITS was also released on this occasion. The institute completed 60 years in 2017 and celebrated Diamond Jubilee too. To commemorate this momentous occasion, a large number of academic events and sports/ literary and other activities continued for one year.

MADHAV INSTITUTE OF TECHNOLOGY & SCIENCE, GWALIOR

INDUCTION PROGRAM

An induction programme for first year students is organized, at the beginning of the academic session that helps students orient themselves towards academic and administrative processes of the MITS. This induction helps students adapt themselves at the earliest so that they start their academic journey smoothly and use their time more productively. Parents and guardians may also join this programme and actively participate in the grooming of their wards.

ACADEMIC CALENDAR

All academic processes at the MITS are fairly well announced and circulated at the commencement of an academic session in the form of Annual Academic Calendar. It is also available to the students on the website. This helps students to plan their studies all the year around and utilize their time effectively.

IMS PORTAL

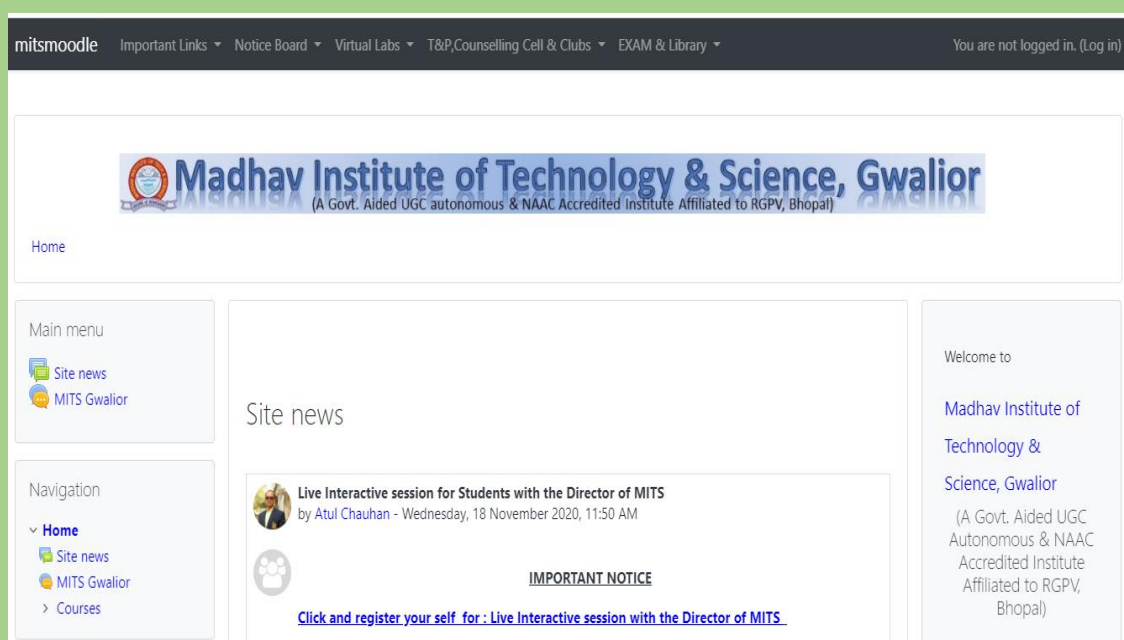

All students after joining MITS have to register on IMS portal, which offers them details required to ensure their regular participation in academic activities. This includes Registration, Examination Form Filling, Fee Notices, Fee Dues, Results and other relevant matters.

MOODLE

Modular Object - Oriented Dynamic Learning Environment (Moodle) is a software application for the administration, documentation, tracking, reporting and delivery of e-learning education courses or training programmes. We use Moodle to deliver online courses and study material to the students. It helps them to handle all the aspects of the learning process. For any query related to Moodle and IMS Portal contact –

The header includes navigation links like 'Important Links', 'Notice Board', 'Virtual Labs', 'T&P,Counselling Cell & Clubs', and 'EXAM & Library'. The main content area features a 'Site news' section with a post titled 'Live Interactive session for Students with the Director of MITS' by Atul Chauhan, dated Wednesday, 18 November 2020, 11:50 AM. An 'IMPORTANT NOTICE' is displayed below the news item, with a link to 'Click and register your self for : Live Interactive session with the Director of MITS'. The right sidebar contains a 'Welcome to' message and the institute's name and affiliation details.

NPTEL/SWAYAM

National Programme on Technology Enhanced Learning (NPTEL) is a project of MHRD initiated by seven Indian Institutes of Technology (Bombay, Delhi, Kanpur, Kharagpur, Madras, Guwahati and Roorkee) along with the Indian Institute of Science, Bangalore in 2003, to provide quality education to anyone interested in learning from the IITs. Institute has established NPTEL Local Chapter in October 2017 in association with IIT, Mumbai. The Institute Local Chapter ranked 25th in session Jul-Dec, 2018, 46th in session Jan-Jun, 2019 and 31st in session Jul-Dec, 2019. The main goal was to create web and video courses in all major branches of engineering and physical sciences at the undergraduate and postgraduate levels and management courses at the postgraduate level so that the students can be benefited with the expertise from reputed institutions. OUTCOME BASED EDUCATION (OBE)

Outcome-Based Education (OBE) model is being adopted at a fast pace at Engineering colleges in India at the moment. It is considered as a giant leap forward to improve technical education in India and help Indian Engineers compete with their global counterparts. Outcome Based Education (OBE) is an important demonstration Tool for student-centered instruction that focuses on measuring student performance through outcomes. Outcomes include Engineering Knowledge, Problem Analysis, Ethic, Individual and Team Work, Communication etc. It enables the students to perpetuate these outcomes as they perceive over the years of engineering. The students are evaluated for all the required parameters (Outcomes) during the course of the program. The formulated rubrics assessment is indicative of a continuous improvement strategy that can be easily adaptable by faculty and students across engineering streams.

MENTOR-MENTEE SCHEME

A mentor is a faculty member who is duly appointed to monitor a student's academic and personal welfare and help in their studies. With mentors a student can share all their problems that are somehow affecting their academic pursuit. Students can also share with them their personal problems in case any help is required. They keep track of mentee attendance and will remain in touch with their parents/guardians as well. The Mentor mainly performs the following functions:

- Meet the group of students at least twice a month
- Continuously monitor, counsel, guide and motivate the students
- Advice students regarding choice of electives, projects, summer training etc.
- Advice students in their career development/ Professional guidance

FEEDBACK MECHANISM

MITIS provides students an online feedback system to participate in academic processes by recording their feedback concerning faculty members who have taught them along with the feedback for the content of the curriculum. Participation in the entire teaching-learning process makes the academic processes more student oriented. There are three types of feedback

1. Student Feedback on Course Content/Curriculum
2. CO Feedback
3. Parent Satisfactory Survey

COUNSELLING FOR STUDENTS

The Counselling Cell offers a free and confidential service to all students of the institute. Professional counsellors and mental health advisers are available to counsel students about any personal or emotional concerns that they might have during their academic pursuit at the institute.

SCHOLARSHIPS (Session 2020-21)

The Institute provides various scholarships to the students which are listed below. There are additions every year which are reflected on the website of the Institute. So the students must keep themselves updated by visiting the website regularly.

CENTRAL LIBRARY

Central library can be considered as a very special place in the MITS Campus with its rich collection of books and journals in the field of Engineering and Architecture related disciplines. The Central Library currently houses numerous books. The collection includes textbooks and reference books for Engineering Graduates, Post Graduates and Ph.D. curriculum in Civil Engineering, Mechanical Engineering, Electronics, Electrical, Computer Science, Information Technology, and Architecture disciplines. Library collection also includes documents in Computer Science, History of Science, Fictions, Stories, and General books, Encyclopedias, Dictionaries and Magazine etc.

NATIONAL CADET CORPS (NCC)

Madhav Institute of Technology and Science has an independent technical unit of NCC named 3 MP TEC (I). The NCC organization is committed to groom the cadets as responsible, disciplined and motivated citizens and be ready to provide leadership in all fields. For any query contact to –

NATIONAL SERVICE SCHEME (NSS)

NSS, the scheme was launched in Gandhi's Centenary year, 1969. The main aim of this scheme is developing student's personality through social/community service. NSS, is a voluntary association of young people in Colleges, Universities and at 10+2 level working for a campus-community linkage. The cardinal principle of the NSS programme is that it is organized by the students themselves, and both students as well as teachers through their combined participation in community service, get a sense of involvement in the tasks of nation building. Most of these camps are conducted in rural places or sub-urban areas. For any query contact to –

STUDENTS LIFE AT MITS

There are abundant opportunities to participate in clubs as well as activities that match students' particular interest and inclination. These clubs serve students looking for a diversion from academic life, or looking to bring about a significantly enabling impact on the community. Clubs organize a variety of events that provide distinct opportunities for refining learning, organizational management experience, exploring interest, meeting like-minded people, socializing outside of the classroom and enhancing professional and personal skills. If students don't find what they are looking for, we encourage them to start a new student club to explore their passion.

GLIMPSE OF STUDENTS LIFE AT MITS

GOLD MEDAL AWARD CEREMONY

GOLD MEDAL AWARD CEREMONY is organized every year for rewarding academic performance of students of MITS. Gold medals are conferred to meritorious students of all branches of UG & PG.
