AIM & SCOPE OF THE WORKSHOP

CURRENT GAP

The awareness about starting a venture/ an enterprise/ a startup in the state is at the lower end. The information can be regarding awareness about right from registering a legal entity for business to Govt. /Non-Govt. schemes, Product feasibility, Market feasibility, financing techniques, Project Report, Product Designing and Networking with prospective clients. Due to this event the part of the population who are potential entrepreneurs don't give a thought towards being an Entrepreneur.

BRIDGING THE GAP

Gwalior Startup Workshop would be the 1st of its kind in the city as well as state. Its importance can be visualized taking into consideration that Madhya Pradesh is the state with one of the highest youth population in the country and catering the job requirement of everyone especially in Government sector is impossible.

Startup Workshop is a nation-wide effort to foster entrepreneurship and create an impact through Startups Drive by EAI in association with IIM Calcutta Innovation Park (Mentorship and Funding), Hindi Khabar (National Broadcasting Partner) and various other International, National and Regional bodies.

WORKSHOP WILL WORK IN THE FOLLOWING WAYS

- Giving the initial techniques of starting a business (registering a company, finance/book keeping, networking and sharing contacts with experts in a particular sector, Marketing techniques) Market feasibility study and analysis by experts.
- Business Opportunity, Schemes, Support from Govt. and Non-Govt. Agencies.
- Linking with successful startups and businesses in the state as well as in the country.
- Increasing orientation towards Innovation and Technological Advancements.
- Increasing inclination towards Entrepreneurship and Technical Skill Development.

EXPECTED OUTCOMES OF WORKSHOP

- A Positive Ecosystem for Entrepreneurship throughout the state; making inclusive development of Enterprises
- A positive attitude towards Entrepreneurship in the state
- More venture/ enterprises/ more businesses
- Innovative products in the market
- Students getting Skill Development lessons and Career Guidance on recent Technology Developments.
- Direct Funding and Mentorship opportunities for Ideas and small enterprises flourishing in the state.
